

Disneyland Resort Photo Scavenger Hunt

(Tasks and Answers Sheet)

The Rules

- * You may work alone or as a team. But if you work as a team, all "selfies" become group shots.
- * Find and take a photo of as many tasks/items on the list that you can.
- * There are (almost) no items to find while you are on an actual ride. Most items can be found in the queue, loading area, exit area, or general areas of the park. The only exceptions are the Jungle Cruise and the end of Buzz Lightyear Astro Blasters.
- * Asking a cast member for help/information is allowed.
- * Each completed task is worth one point.
- * Some tasks will have a bonus question for additional points.
- * The player/team with the most points at the end of the day wins!
- * The Game Master has final say on the validity of items photographed and tasks completed, including what is and is not a hidden Mickey.
